BACKGROUND: The Advisory Board was established under the
Energy Employees Occupational Illness Compensation Program Act of
2000 to advise the President on a variety of policy and technical
functions required to implement and effectively manage the new
compensation program. Key functions of the Advisory Board
include providing advice on the development of probability of
causation guidelines which have been promulgated by the
Department of Health and Human Services (HHS) as a final rule,
advice on methods of dose reconstruction which have also been
promulgated by HHS as a final rule, advice on the scientific
validity and quality of dose estimation and reconstruction

efforts being performed for purposes of the compensation program, and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC).

In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, rechartered on March 22, 2016 pursuant to Executive Order 13708, and will expire on September 30, 2017.

PURPOSE: This Advisory Board is charged with a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and c) upon request by the Secretary, HHS, advising the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class.

MATTERS FOR DISCUSSION: The agenda for the Advisory Board

meeting includes: NIOSH Program Update; Department of Labor Program Update; Department of Energy Program Update; Dose Reconstruction Report to the Secretary; SEC Petitions Update; Site Profile review for Hooker Electrochemical (Niagara, New York); SEC petitions for: Area IV of Santa Susana Field Laboratory (1965 - 1988; Ventura County, California), Carborundum Company (1943-1976; Niagara Falls, New York), Savannah River Site (1973-2007; Aiken, South Carolina), and Los Alamos National Laboratory (1996-2005; Los Alamos, New Mexico); and Board Work Sessions.

The agenda is subject to change as priorities dictate.

In the event an individual cannot attend, written comments may be submitted to the contact person below well in advance of the meeting. Any written comments received will be provided at the meeting in accordance with the redaction policy provided below.

Policy on Redaction of Board Meeting Transcripts (Public Comment):

(1) If a person making a comment gives his or her personal information, no attempt will be made to redact the name; however, NIOSH will redact other personally identifiable information, such as contact information, social security numbers, case numbers, etc., of the commenter.

(2) If an individual in making a statement reveals personal information (e.g., medical or employment information) about themselves that information will not usually be redacted. The NIOSH Freedom of Information Act (FOIA) coordinator will, however, review such revelations in accordance with the Federal Advisory Committee Act and if deemed appropriate, will redact such information.

(3) If a commenter reveals personal information concerning a living third party, that information will be reviewed by the NIOSH FOIA coordinator, and upon determination, if deemed appropriated, such information will be redacted, unless the disclosure is made by the third party's authorized representative under the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) program.

(4) In general, information concerning a deceased third party may be disclosed; however, such information will be redacted if (a) the disclosure is made by an individual other than the survivor claimant, a parent, spouse, or child, or the authorized representative of the deceased third party; (b) if it is unclear whether the third party is living or deceased; or (c) the information is unrelated or irrelevant to the purpose of the disclosure.

The Board will take reasonable steps to ensure that individuals making public comment are aware of the fact that their comments (including their name, if provided) will appear in a transcript of the meeting posted on a public website. Such reasonable steps include: (a) A statement read at the start of each public comment period stating that transcripts will be posted and names of speakers will not be redacted; (b) A printed copy of the statement mentioned in (a) above will be displayed on the table where individuals sign up to make public comments; (c) A statement such as outlined in (a) above will also appear with the agenda for a Board Meeting when it is posted on the NIOSH website; (d) A statement such as in (a) above will appear in the Federal Register Notice that announces Board and Subcommittee meetings.
